Site Instruction: This instruction is not a variation to the Subcontract. Should, however, the execution of the instruction result in additional costs which, in the opinion of the Trade Contractor would justify an application for a variation, then the Trade Contractor must submit such a claim within three (3) days of receipt of this instruction. Failure to do so will signify acceptance of this instruction without cost.

Instruction

Instructions to be detailed with reference to attachments as necessary

test website third time.

2.4.2: If the Subcontractor wishes to claim that a direction, although not stated to be a variation, involves a variation, it must lodge written notice with the Contractor to that effect within 3 days of receipt of the direction otherwise any subsequent claim that a variation is involved is barred absolutely. Without limiting this clause, the Contractor may concede in a particular instance or instances that a variation is involved without waiving the requirement for such

written notice to be given in all other instances.

2.7: Cleaning Up When on site, the Subcontractor must clean up and remove all rubbish from the site daily or, if so directed by the Contractor to designated areas on the site. Upon completion of the Subcontract Works, the Subcontractor must leave the site in a clean and tidy condition. If the Subcontractor fails within 24 hours from the receipt of a written direction by the Contractor to clean up or remove rubbish, the Contractor may (without being obliged to do so) arrange for the cleaning up, or, removal of the rubbish at the Subcontractors expense and the cost of doing so is a debt due and owing to the Contractor. The Contractor will advise the Subcontractor of any costs incurred under this clause.
